WORK EXPERIENCE

Print and Mail Technician

Western Oregon University Print Shop and Mailing Services
/ Oct 2018 - current / Monmouth, OR

- Planned and laid out printing projects; served as an informational resource to and assisted customers with the planning, development, and layout of printing and mailing projects
- Oversaw the redesign of the department website and instantiated online ordering, resulting in a streamlined ordering process and normalized job data
- Operated over a dozen unique machines, adapting to a variety of changing computer systems

Material Handler

FedEx Express / Apr 2018 - Sep 2018 / Portland, OR

- Marshalled a variety of airplanes, from Boeing jets to Cessna propeller aircraft, payed careful attention to detail to achieve optimal positioning
- Drove a variety of ground equipment, including belt loaders, cargo loaders, and tugs. Tugs were hitched to up to four dollies
- Trained new hires on changing handheld technologies and common troubleshooting techniques to ensure they could work independently

Crew Member

McDonalds / Jun 2016 - May 2017 / Clackamas, OR

- Taught and mentored new employees with food preparation techniques and customer service skills, transitioned them to independent work
- Managed kitchen assembly line during shifts, adjusting to additions of promotional and seasonal menu items
- Assisted customers in understanding menu items and nutritional information, leading to positive customer experiences
