### CAREER OBJECTIVE

Recent graduate with an BS in Computer Science looking to leverage my experience building responsive and scalable web apps to solve interesting problems that delight end-users.

### WORK EXPERIENCE

#### Track and Field Coach

Perrydale School District / 2016 - current / Amity, OR

- Set team and individual goals and provided the necessary encouragement to achieve those goals
- Coordinated team practice and event schedules, practice plans, and workouts for student athletes
- Helped grow the program from 12 to 35 athletes
- Led athletes to win state championships in multiple events

#### Manager

Regal Cinemas / February 2012 - October 2020 / Salem, OR

- Accomplished corporate objectives by managing staff, planning, and evaluating store activities
- Exemplified patience, technical knowledge, and respect when interacting with customers
- Set and enforced performance and service standards to keep a consistent, high-quality environment devoted to customer satisfaction

### PROJECTS

#### Turtle Conservation App

Developer / January 2021 - current

- Developing a suite of apps to help the conservation efforts of endangered species of turtles in Oregon
- Used: C#, Xamarin Forms, HTML/CSS, SQL, Javascript
