### WORK EXPERIENCE

#### Inventory Control Coordinator

The Math Learning Center / Aug 2017 - current / Salem, OR

- Developed and managed inventory levels at all internal and external locations based on forecasted demand, anticipating shortages and imbalances and ensuring product availability
- Reviewed sales forecast changes, active sales quotes, current shipping schedules, and incoming inventory to provide optimal shipping opportunities to maximize customer service
- Ensured inventory data integrity between ERP systems and physical inventories by analyzing and reconciling variances monthly
- Assisted in developing and executing company strategy to reduce inventory and operating expenses while maintaining the maximum inventory turnover rates while minimizing the likelihood of backorders

#### Sales Manager

Kum & Go / 2009 - 2017 / Springfield, MO

- Managed retail and cost inventory to maximize profitability and sales
- Grew and maintained cold beverage sales within the top 1% of stores company-wide
- Oversaw the training and placement of other Sales Managers and employees
- Implemented new product lines and devised standard operating procedures and best practices to streamline efficiency and maximize profitability
- Conducted interviews, made employment determinations and handled all other aspects of personnel management

### PROJECTS

#### Pacific Northwest Turtle Conservation App

Project Team Member / January 2021 - current

- Practiced agile software development using the Scrum framework to develop a suite of apps to support the Pacific Northwest Turtle Conservation effort being coordinated between Western Oregon University and the Oregon Department of Fish and Wildlife
